Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of Cincinnati Equitable Life Insurance Company are presented on the basis of accounting practices prescribed or permitted by the Ohio Insurance Department.

The Ohio Insurance Department recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures manual, version effective March 2023, (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio. The State of Ohio has not adopted any prescribed or permitted practices that differ from NAIC SAP.

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are earned over the terms of the related insurance policies and reinsurance contracts. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business and are based on reports received from ceding companies for reinsurance.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the interest method.
- The Company does not hold any SVO Identified Bond ETFs on Schedule D-1.
- (3) Common Stocks at market value.
- (4) Preferred Stocks at cost.
- (5) Mortgage loans on real estate are reported at the balance of unpaid principle less valuation allowance.
- (6) Loan-backed securities are stated at either amortized cost or the lower or amortized cost or fair market value. The retrospective adjustment method is used to value all securities except for interest only securities or securities where the yield had become negative; these are valued using the prospective method.
- (7) The Company has no investments in subsidiaries.
- (8) The Company has no interest in Joint Ventures.
- (9) Derivatives - Not Applicable
- (10) Investment income as a factor in the premium deficiency calculation - Not Applicable
- (11) Liabilities for losses and loss/claim adjustment expenses - Not Applicable
- (12) The Company has not modified its capitalization policy from the prior period.
- (13) Pharmaceutical rebate receivables - Not Applicable
