- 7.2 (An extended statement may be attached.)  
Estimated salvage and subrogation recoveries have been include in all applicable lines of business. The Cincinnati Insurance Companies have implemented an accounting change to the quantification of claim counts reported in Schedule P beginning in 2011. Our old method of counting claims was based on internal loss and expense transaction codes. Our new method of counting claims is based on actual financial transactions. Since it is driven by actual loss and expense payments and/or changes in loss and expense reserves, the new method is more accurate and less susceptible to data entry errors. ....
