B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires a disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

Premiums are recognized as income ratably over the terms of the related insurance policies. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for direct business.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

Net investment income earned consists primarily of interest and dividends less investment related expenses. Interest is recognized on an accrual basis and dividends are recognized on an ex-dividend basis. Net realized capital gains (losses) are recognized on a first in first out basis when securities are sold, redeemed or otherwise disposed. Realized capital losses include write downs for impairments considered to be Other-Than-Temporary.

In addition, the Company adheres to the following accounting policies:

(1) Basis for Short-Term Investments

Short-term investments are accounted for in the same manner as similar long-term investments in accordance with SSAP No. 2.

(2) Basis for Bonds and Amortization Schedule

Bonds, excluding Loan-Backed and Structured Securities, are accounted for in accordance with SSAP No. 26. Amortized cost is calculated using the scientific interest method. Bonds containing call provisions are amortized to either the call or maturity value and date, whichever produces the lowest asset value (yield to worst). Investment grade bonds are stated at amortized cost. Non-investment grade bonds are stated at the lower of amortized cost or fair value. Bonds whose decline has been determined to be Other-Than-Temporary are written down to a new cost basis and the write-down amount is accounted for as a realized loss.

(3) Basis for Common Stocks

Common stocks of unaffiliated entities are stated at fair value and accounted for in accordance with SSAP No. 30.

(4) Basis for Preferred Stocks

Preferred stocks of unaffiliated entities are accounted for in accordance with SSAP No. 32. Investment grade redeemable preferred stocks are stated at amortized cost. Investment grade perpetual preferred stocks are stated at fair value. Non-investment grade preferred stocks are stated at the lower of amortized cost or fair value. Preferred stocks whose decline has been determined to be Other-Than-Temporary are written down to a new cost basis and the write-down amount is accounted for as a realized loss.

(5) Basis for Mortgage Loans

The Company does not hold Mortgage Loans.

(6) Basis for Loan-Backed Securities and Adjustment Methodology

NOTES TO FINANCIAL STATEMENTS

Loan-Backed and Structured Securities are accounted for in accordance with SSAP No. 43. Amortized cost is calculated retrospectively using the scientific interest method. U.S. government agency Loan-Backed and Structured Securities are valued at amortized value. Other Loan-Backed and Structured Securities are valued at either amortized value or fair value, depending on many factors including: the type of underlying collateral, whether modeled by a NAIC vendor, whether rated (by either a NAIC approved rating organization or the NAIC Securities Valuation Office), and the relationship of amortized value to par value and amortized value to fair value. Bonds whose decline has been determined to be Other-Than-Temporary are written down to a new cost basis and the write down amount is accounted for as a realized loss.

(7) Accounting Policies for Investments in Subsidiaries, Controlled and Affiliated Entities

The Company does not hold investments in Subsidiaries, Controlled and Affiliated Entities.

(8) Accounting Policies for Investments in Joint Ventures, Partnerships and Limited Liability Entities

The Company does not hold investments in Joint Ventures, Partnerships or Limited Liability Entities.

(9) Accounting Policies for Derivatives

The Company does not hold Derivatives.

(10) Anticipated Investment Income Used in Premium Deficiency Calculation.

The Company anticipates investment income as a factor in premium deficiency calculation, in accordance with SSAP No.5 53, Property-Caualty Contracts_Premiums.

(11) Management's Policies and Methodologies for Estimating Liabilities for Losses and Loss/Claim Adjustment Expenses.

Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports and an amount, based on past experience, for losses incurred but not reported. Such liabiilites are necessary based on assumptions and estimates and while management believes the amount is adequate, the ultimate liability may be in excess of or less than the amount provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.

(12) Changes in the Capitalization Policy and Predefined Thresholds from Prior Period

The Company has a written capitalization policy for purchase of items such as electronic data processing equipment, software, furniture, vehicles, other equipment and leasehold improvements. The predefined capitalization thresholds under the policy is \$5,000.

(13) Method Used to Estimate Pharmaceutical Rebate Receivables

The Company does not have Pharmaceutical Rebate Receivables.

D. Going Concern

Based on its evaluation of relevant conditions and events, management does not have substantial doubt about the Company's ability to continue as a going concern.

(2) During 2024 the Company did not recognize Other-Than-Temporary Impairments on Loan-Backed and Structured Securities based on the intent to sell or inability to retain.

(3) During 2024 the Company did not recognize Other-Than-Temporary Impairments on Loan-Backed and Structured Securities based on the present value of future cash flows expected to be less than the amortized cost of the security.

(4) All Loan-Backed and Structured Securities in an unrealized loss position as of year end.

a) The aggregate amount of unrealized losses:

1. Less than 12 Months	\$	-
2. 12 Months or Longer	\$	2,322,722

b)The aggregate related fair value of securities with unrealized losses:

1. Less than 12 Months	\$	-
2. 12 Months or Longer	\$	12,767,860

NOTES TO FINANCIAL STATEMENTS

(5) Information Investor Considered in Reaching Conclusion that Impairments are Not Other-Than-Temporary

All Loan-Backed and Structured Securities in an unrealized loss position were reviewed to determine whether Other-Than-Temporary impairments should be recognized. The Company asserts that it has the intent and ability to hold these securities long enough to allow the cost basis of these securities to be recovered. These conclusions are supported by analysis of the underlying credit and cash flows of each security. Unrealized losses are primarily attributable to general changes in interest rates, credit spread widening, and increased liquidity discounts. It is possible that the Company could recognize Other-Than-Temporary impairments in the future on some of the securities, if future events, information and the passage of time cause it to conclude that declines in the value are Other-Than-Temporary.

Consolidated/Holding Company Plans

MUSA has an Incentive Compensation Plan (the Plan) which provides for awards, at the discretion of MUSA's Board of Directors, to all officers and other management employees, including those of MUSA's subsidiaries. These awards entitle recipients to cash payments at a specified settlement date, subject to certain specified conditions. The cash payments are based primarily upon reported net earnings of MUSA and Mapfre SA over the one year period of the grant. In 2017, the Plan was amended to include the meeting of individual departmental goals as another factor in determining the cash payment. For executive officers, the plan pays out over a four-year period. All other officers and management personnel are paid in one payment. The payment is determined as a percentage of a target percentage of annual salary. In addition, certain business development personnel receive annual bonus payments based upon premiums written and other factors. A small number of officers have alternative plans based upon individual agreements. The total expense for these programs was \$25,331,000 and \$11,640,000 in 2024 and 2023, respectively. Expense is allocated to individual insurance companies based upon our Intercompany Pooling Arrangement. See Note 26 for details.

Incentive awards and other bonus awards granted to officers and other management personnel of MUSA and subsidiaries and outstanding at December 31, 2024 and 2023 were \$19,636,000 and \$9,118,000 respectively.

Eligible employees of the Company may participate in a Company-sponsored 401(k) retirement plan. This 401(k) plan includes a matching contribution from the Company of 50% of the first 6% of eligible compensation contributed by the participant to the plan. In addition to the matching contribution, profit sharing contributions may be made by the Company with respect to each plan year in an amount equal to 3% of each eligible participant's covered compensation (or in such different amount as may be determined by the Company).

NOTE 26 Intercompany Pooling Arrangements

Companies, Percentages, Llnes of Business, Non-Affiliated Reinsurance, Right of Direct Recovery and Sharing of Schedule F Penalty and Write-offs and Amounts Due to/from Lead Entity Participants.

The Company and its insurance affiliates have an inter-company reinsurance pooling agreement in which the companies share underwriting profit and losses in proportion to the pool participaton perentages. The pooling agreement permits all companies to rely on the capacity of the entire pool rather than their own capital and surplus.

The Commerce Insurance Company (CIC), as the lead company, assumes the direct and third party assumed business of its affiliates. All external reinsurance, in the form of catastrophe, quota share, facultative and exces of loss contracts, is ceded to the external reinsurers by CIC under the terms of the reinsurance contracts. CIC then cedes the net business after external reinsurance back to its affiliates at the stated pooled participation percentages.

GENERAL INTERROGATORIES

PART 2 - PROPERTY AND CASUALTY INTERROGATORIES

6.1

What provision has this reporting entity made to protect itself from an excessive loss in the event of a catastrophe under a workers' compensation contract issued without limit of loss?
Not Applicable

6.2

Describe the method used to estimate this reporting entity's probable maximum insurance loss, and identify the type of insured exposures comprising that probable maximum loss, the locations of concentrations of those exposures and the external resources (such as consulting firms or computer software models), if any, used in the estimation process:
The Probable Maximum Loss (PML) for The Commerce Insurance Company, Citation Insurance Company, American Commerce Insurance Company, MAPFRE Insurance Company, Commerce West Insurance Company and Auto Club MAPFRE Insurance Company, including Comprehensive Automobile coverage, was calculated using Applied Insurance Research Touchstone (AIR Touchstone v10.0) in order to determine our 100 and 250 year PMLs. AIR is the standard model used in the Northeast and most Northeast-centric companies already use 100% AIR numbers. As of June 2024, the PMLs for all MUSA (modeled on an Aggregate Exceedance Probability basis) are \$817M for a "100 year loss event" and \$1.77B for a "250 year loss event". In case of Auto Club MAPFRE Insurance Company, PMLs were estimated using AIR's results using second quarter 2024 data. As of June 2024 (modeled on an Aggregate Exceedance Probability basis) are \$11.04M for a "100 year loss event" and \$15.9M for a "250 year loss event". From January 1, 2024, in addition to the main reinsurance treaties in MAPFRE USA Corp., ACMIC has its own CAT XL treaty to protect ACMIC's Property and Auto business: this is a CAT XL \$13.5M xs \$2.5M to protect the Company's Property and Auto business in WA and ID.

6.3

What provision has this reporting entity made (such as a catastrophic reinsurance program) to protect itself from an excessive loss arising from the types and concentrations of insured exposures comprising its probable maximum property insurance loss?
The current MAPFRE USA reinsurance program utilizes a combination of a Quota Share Treaty and two different CAT XL reinsurance contracts based on Non-Florida states. The QS Treaty provides first dollar coverage for all layers with a retention of \$92.6M for the 35% retention. It also covers all FAIR Plan-type participation in excess of reinsurance purchased by any of the Plans. Additionally, to cover an excess of loss above the QS limit (\$1.55B), there is a Main CAT XL contract covering \$484.9M xs \$92.6M, a Tail CAT XL covering \$65M xs \$1007.5M (to protect 65% of the first \$100M in excess of \$1,550M not ceded in QS), and finally a Spillover CAT XL of \$100M xs \$1,650M (to protect 100% of the second \$100M in excess of \$1,650M).

Non-Florida States

Gross Cat Limit of \$1.75B protected by:
-65% Property QS with \$1.55B limit (Auto excluded): \$1,007.5M
-35% retained (\$577.5M) protected by Cat XL: \$484.9M xs \$92.6M (1RI Prepaid) CAT XL protection includes 100% comprehensive automobile retained business.
-Second CAT XL to protect 65% of the first \$100M in excess of \$1,550M not ceded in QS: \$65M xs \$1,007.5M only for Property
-Third Spillover CAT XL to protect 100% of the second \$100M in excess of \$1,650M: \$100M xs \$1,650M

Florida State

MAPFRE Insurance Company of Florida is in run-off insurance operations phase and no policies are in force. No CAT XL program in place at this moment.

6.4

Does the reporting entity carry catastrophe reinsurance protection for at least one reinstatement, in an amount sufficient to cover its estimated probable maximum loss attributable to a single loss event or occurrence?

Yes [X] No []

6.5

If no, describe any arrangements or mechanisms employed by the reporting entity to supplement its catastrophe reinsurance program or to hedge its exposure to uninsured catastrophic loss

7.1

Has this reporting entity reinsured any risk with any other entity under a quota share reinsurance contract that includes a provision that would limit the reinsurer's losses below the stated quota share percentage (e.g., a deductible, a loss ratio corridor, a loss cap, an aggregate limit or any similar provisions)?

Yes [X] No []

7.2

If yes, indicate the number of reinsurance contracts containing such provisions.

3

7.3

If yes, does the amount of reinsurance credit taken reflect the reduction in quota share coverage caused by any applicable limiting provision(s)?

Yes [] No [X]

9.1

Has the reporting entity ceded any risk under any reinsurance contract (or under multiple contracts with the same reinsurer or its affiliates) for which during the period covered by the statement: (i) it recorded a positive or negative underwriting result greater than 5% of prior year-end surplus as regards policyholders or it reported calendar year written premium ceded or year-end loss and loss expense reserves ceded greater than 5% of prior year-end surplus as regards policyholders; (ii) it accounted for that contract as reinsurance and not as a deposit; and (iii) the contract(s) contain one or more of the following features or other features that would have similar results:

(c) Aggregate stop loss reinsurance coverage;
(d) A unilateral right by either party (or both parties) to commute the reinsurance contract, whether conditional or not, except for such provisions which are only triggered by a decline in the credit status of the other party;

(f) Payment schedule, accumulating retentions from multiple years or any features inherently designed to delay timing of the reimbursement to the ceding entity.
