1. Summary of Significant Accounting Policies and Going Concerns

A. Accounting Practices

The financial statements of Unity Financial Life Insurance Company ("the Company") are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance ("the Department").

The Department recognizes only statutory accounting practices prescribed or permitted by the state of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under Ohio Insurance Law. The National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the State of Ohio.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policies

Life premiums are recognized as income over the premium-paying period of the related policies. The Company does not write Annuity or Health premiums. Expenses incurred in connection with acquiring new insurance business, including acquisition costs such as sales commissions, are charged to operations as incurred.

In addition, the company uses the following accounting policies:

- (1) Short-term investments are stated at amortized cost.
- (2) Bonds not backed by other loans are stated at amortized cost using the scientific method.
- (3) Common stocks (excluding FHLB capital stock) are stated at market. FHLB capital stock holdings are stated at cost.
- (4) Preferred Stocks – Not Applicable.
- (5) Mortgage Loans – Not Applicable.
- (6) Loan-backed securities are stated at either amortized cost or the lower of amortized cost or fair value. The retrospective adjustment method is used to value all securities except for interest only securities or securities where the yield had become negative, which are valued using the prospective method.
- (7) The Company carries its investment in subsidiary for Opportunity Life Insurance Company using the equity basis.
- (8) Investments in joint ventures, partnerships, and limited liability companies are carried at the underlying audited GAAP equity of the respective entity's financial statements.
- (9) Investments in derivatives – Not Applicable.
- (10) Premium Deficiency Calculation – Not Applicable.
- (11) Liabilities for Losses and Loss Adjustment Expenses for Accident and Health Contracts – Not Applicable.

The Company increased its statutory reserve in the current year by \$314,498 due to Amendment Proposal Form (APF) 2022-07.
