Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The financial statements of Devoted Health Plan of Ohio, Inc. (the “Company”) are presented on the basis of accounting practices prescribed or permitted by the Ohio Department of Insurance (the “Department”). The Company focuses on Medicare, the health insurance program for retired United States citizens aged 65 and older, qualifying disabled persons, and persons suffering from end-stage renal disease. Medicare is funded by the federal government and administered by the Department of Health and Human Services, Centers for Medicare & Medicaid Services (“CMS”). The Company has contracts with CMS to provide Medicare Advantage (“MA”) and MA preferred provider organization (“MA PPO”) health care services through a network of healthcare providers to Medicare enrollees in various counties in Ohio.

The Department recognizes only statutory accounting practices prescribed or permitted by the State of Ohio for determining and reporting the financial condition and results of operations of an insurance company, for determining its solvency under the Ohio Insurance Law. The National Association of Insurance Commissioners’ (“NAIC”) Accounting Practices and Procedures Manual (“NAIC SAP”) has been adopted as a component of prescribed or permitted practices by the State of Ohio. The state has adopted certain prescribed accounting practices that differ from those found in NAIC SAP. The Commissioner of Insurance has the right to permit other specific practices that deviate from prescribed practices. At this time, there are no prescribed or permitted practices that impact the Company’s statutory basis financial statements.

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Ohio is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

- (1) Short-term investments - Not Applicable
- (2) Bonds

The Company's bonds are comprised of an investment in a United States Treasury Note ("T Note"), which is held in satisfaction of the Company's statutory deposit requirement. The T Note has an NAIC 1 designation and is carried at amortized cost, with amortization calculated based on the scientific interest method.

- (11) Liabilities for losses and loss/claim adjustment expenses - No Significant Changes
- (12) Changes in capitalization policy - No Significant Changes
- (13) Pharmaceutical rebate receivables - No Significant Changes

The Company had changes to the following additional significant accounting policies:

Medicare Part C and D Premium Revenue and Expenses and Related Subsidies

Under the Medicare Part C and D programs, there are eight separate elements of payment recognized by the Company during the plan year. These payment elements are as follows:

- *CMS Premium:* CMS pays a fixed monthly premium per member to the Company for the entire plan year.
- *Member Premium:* Additionally, certain members pay a fixed monthly premium to the Company for the entire plan year.
- *Low-Income Premium Subsidy:* For qualifying low-income members, CMS pays some or all of the member’s monthly premium to the Company on the member’s behalf.

Notes to the Financial Statements

1. Summary of Significant Accounting Policies and Going Concern (Continued)

- *Catastrophic Reinsurance Subsidy*: CMS pays the Company a cost reimbursement estimate monthly to fund the CMS obligation to pay approximately 60% of the costs incurred by individual members in excess of the individual out-of-pocket maximum. A settlement is made with CMS based on actual cost experience, after the end of the plan year.
- *Low-Income Member Cost Sharing Subsidy*: For qualifying low-income members, CMS pays on the member’s behalf some or all of a member’s cost sharing amounts, such as deductibles and coinsurance. The cost sharing subsidy is funded by CMS through monthly payments to the Company. The Company administers and pays the subsidized portion of the claims on behalf of CMS, and a final settlement takes place between CMS and the Company based on actual claims and premiums experience, after the end of the plan year.
- *CMS Risk-Share*: CMS payments are subject to risk sharing through the Medicare Part D risk corridor provisions. The risk corridor provisions compare costs targeted in the Company’s bid to actual prescription drug costs, limited to actual costs that would have been incurred under the standard coverage as defined by CMS. Variances of more than 5% above or below the original bid submitted by the Company may result in CMS making additional payments to the Company or require the Company to refund to CMS a portion of the premiums it received. As risk corridor provisions are considered in the Company’s overall annual bid process, it estimates and recognizes an adjustment to net premiums earned related to these provisions based upon pharmacy claims experience. The Company records its Medicare Part D risk corridor provisions in accordance with Statement of Statutory Accounting Principles (“SSAP”) No. 66, *Retrospectively Rated Contracts* (“SSAP No. 66”).
- *Manufacturer Discount Program (“MDP”)*: On January 1, 2025, CMS implemented a MDP, in which drug manufacturers provide a discount on applicable drugs to Part D members in both the initial coverage phase and the catastrophic phase. This discount is funded by CMS and participating pharmaceutical manufacturers, while the Company administers the application of these funds. Since the Company solely administers the application of the funds related to the MDP, there is no insurance risk to the Company. Amounts receivable relating to uninsured plans include receivables from pharmaceutical manufacturers for reimbursement of discounts under the MDP. Liability for amounts held under uninsured plans also includes MDP discounts pre-funded by CMS for the applicable Medicare beneficiaries receiving this benefit. The pre-funded amounts are subject to recoupment by CMS pending a final reconciliation.
- *Medicare Prescription Payment Plan (“MPPP”)*: The MPPP program is a new program that was effective January 1, 2025. The MPPP requires the Company to offer enrollees the option to pay their out-of-pocket prescription drug costs through monthly payments to the Company over the remainder of the plan year as opposed to paying the full amount upfront to the pharmacy. For enrollees who elect to participate, the Company is required to fully pay the pharmacy the total of the enrollee’s applicable out-of-pocket amount and the Company’s portion of the payment. Subsequently, the Company will bill the MPPP participant monthly for any cost-sharing incurred while enrolled in the MPPP. To help cover potential uncollectible balances, CMS allows the Company to include an estimate for MPPP related losses in plan bids. The Company receives additional premium revenue from CMS, which helps to cover uncollectible balances from MPPP participants.

The CMS Premium, the Member Premium and the Low-Income Premium Subsidy represent payments for the Company’s insurance risk coverage under the Medicare Parts C and D programs and therefore are recorded as premium revenue. Premiums are recorded as revenue in the month for which members are entitled to service. Premium income collected prior to the month for which the member is entitled to service is recorded as premiums received in advance. As further described below, these premium payments are subject to adjustment in accordance with the CMS risk adjustment payment methodology.

The Catastrophic Reinsurance Subsidy and Low-Income Member Cost Sharing Subsidy represent a cost reimbursement under the Medicare Part D program. Amounts for these subsidies are recorded as liability for amounts held under uninsured plans or amounts receivable relating to uninsured plans. Pharmacy benefit costs are expensed as incurred and are recognized in hospital and medical costs.

Recoverables from MPPP participants are accrued by the Company when the related payment is made to the pharmacy for the out-of-pocket costs incurred on behalf of the MPPP participant. These recoverables are recorded as health care receivables. Amounts less than 90 days overdue from the billing due date are admitted assets and are subject to impairment analysis. Uncollected MPPP recoverables more than 90 days overdue from the billing due date are nonadmitted. Recoverables determined to be uncollectible are written off and expensed as incurred and are recognized in hospital and medical costs.

There have been no significant changes in the Company’s other additional significant accounting policies.

D. Going Concern

As of May 12, 2025, management evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company’s ability to continue as a going concern and management has determined that it is not probable that the Company will be unable to meet its obligations as they become due within one year after the financial statements are available to be issued. Management will continuously evaluate the Company’s ability to continue as a going concern and will take appropriate action and will make appropriate disclosures if there is any change in any condition or events that would raise substantial doubt about the Company’s ability to continue as a going concern.

- A. Nature of Relationships - No Significant Changes
- B. Detail of Related Party Transactions - No Significant Changes
- C. Transactions With Related Party Who Are Not Reported on Schedule Y - No Significant Changes
- D. Amounts Due From or To Related Parties

At December 31, 2024 and 2023, the Company had no amounts due from related parties. At December 31, 2024 and 2023, the Company reported \$9,104,905 and \$4,281,028, respectively, as amounts due to DHSI. Intercompany balances are settled in accordance with the terms of any management or service agreements the Company is a party to.

E. Material Management or Service Contracts and Cost-Sharing Arrangements

The Company has no employees, and accordingly, DHSI provides all administrative services to the Company, including premium billing and collection, claims payments, and operational management. Administrative and claim adjustment expenses are charged to the Company based on DHSI's Administrative Services Agreement ("ASA") with the Company. For the years ended December 31, 2024 and 2023, total administrative and claims adjustment expenses charged to the Company were \$86,784,828 and \$36,592,462, respectively. Intercompany balances are settled according to the terms of the ASA.

Effective January 1, 2023, Devoted Medical Group, P.C., Devoted Medical Group of Texas, Inc., Devoted Medical Group, Inc., Devoted Medical, PC, Devoted Medical NC, PC and Devoted Medical PA, PC (each a "DMG" and each affiliates or related entities of the Company) and certain affiliates of the Company, entered into an Amended and Restated Provider Group Participation Agreement ("Amended and Restated PGPA"), as amended from time to time. Under the Amended and Restated PGPA, the applicable DMG entity, based on licensing and credentialing, provides primarily virtual advanced primary care and managed care coordination in conjunction with other providers in the Company's CMS-approved service area to enrollees in the Company's MA and MA PPO benefit plans. The payment arrangements for the provision of such covered medical services include fee-for-service ("FFS") for all enrollees and for any assigned enrollees, global capitation as well ("Capitation/FFS").

Under the FFS arrangement, DMG is paid on a FFS basis for all covered services rendered to enrollees. For the Capitation/FFS arrangement, the Company also allocates, through a Medicare Operating Fund ("MOF"), a defined percentage of total premium ("POTP") for assigned enrollees that are offset against actual medical claims and covered services. DMG is at risk for the cost of related services provided to assigned enrollees in excess of the POTP threshold. Under this provision of the Amended and Restated PGPA, the MOF settlement is calculated by comparing actual medical claims and other covered services to the POTP threshold. These settlements are estimated and accrued during the period the related services were rendered and adjusted in future periods as final settlements are determined. For the years ended December 31, 2024 and 2023, the Company incurred claims expense of \$10,777,821 and \$5,712,360, respectively, to DMG as compensation for the FFS services. For the years ended December 31, 2024 and 2023, the Company recorded a reduction to claims expense of \$47,618,876 and \$13,275,379, respectively, from DMG related to risk-sharing receivables incurred under the Amended and Restated PGPA for the Capitation/FFS services.

The Company has a Guaranty with Holdco under which Holdco guarantees that the capital level of the Company will be within certain prescribed levels. For the years ended December 31, 2024 and 2023, no amounts were paid by Holdco to the Company pursuant to the Guaranty.

20. Fair Value Measurements

NAIC SAP defines fair value, establishes a framework for measuring fair value, and outlines the disclosure requirements related to fair value measurements. The fair value hierarchy is as follows:

- Level 1 – Quoted (unadjusted) prices for identical assets in active markets.
- Level 2 – Other observable inputs, either directly or indirectly, including:

• Quoted prices for similar assets in active markets;

• Quoted prices for identical or similar assets in nonactive markets (few transactions, limited information, noncurrent prices, high variability over time, etc.);

• Inputs other than quoted prices that are observable for the asset (interest rates, yield curves, volatilities, default rates, etc.);

• Inputs that are derived principally from or corroborated by other observable market data.
- Level 3 – Unobservable inputs that cannot be corroborated by observable market data.

The estimated fair value of cash equivalents and bonds are based on quoted market prices, where available. As of March 31, 2025, the Company’s cash equivalents consisted of investments in money market mutual funds. As of March 31, 2025, the carrying value of the money market mutual funds approximated fair value due to the short-term nature of the investments. As of March 31, 2025, the Company’s bonds consisted of an investment in a T Note, which was held in satisfaction of the Company’s statutory deposit requirement. The fair value of the T Note as of March 31, 2025 was provided by U.S. Bank.

- A. Fair Value Measurement

(1) Fair value measurements at reporting date

The following table presents information about the Company’s financial assets that are measured and reported at fair value at March 31, 2025, in the statutory basis statements of admitted assets, liabilities, and capital and surplus according to the valuation techniques the Company used to determine their fair values:

Description for each class of asset or liability	Level 1	Level 2	Level 3	Net Asset Value (NAV)	Total

(2) Fair value measurements in Level 3 of the fair value hierarchy - None

(3) There were no transfers between Levels 1, 2 or 3 of any financial assets or liabilities during the period ended March 31, 2025.

(4) The Company has no investments reported with a fair value hierarchy of Level 2 or Level 3 as of March 31, 2025 and therefore has no valuation technique(s) to disclose.

(5) The Company has no derivative assets or liabilities as of March 31, 2025.
- B. Other Fair Value Disclosures - Not Applicable
- C. Fair Values for All Financial Instruments by Level 1, 2 and 3

The aggregate fair value by hierarchy of all financial instruments as of March 31, 2025 is presented in the table below:

25. Change in Incurred Claims and Claim Adjustment Expenses

- A. Reasons for Changes in the Provision for Incurred Claim and Claim Adjustment Expenses Attributable to Insured Events of Prior Years
Claims unpaid and accrued medical incentive pool as of December 31, 2024 were \$71,777,927. As of March 31, 2025, \$53,097,602 has been paid for incurred claims attributable to insured events of prior years. Reserves remaining related to prior years are now \$13,828,206 as a result of re-estimation of claims unpaid and accrued medical incentive pool on the Company's MA and MA PPO business. Therefore, there has been a \$4,852,119 favorable prior year development since December 31, 2024 to March 31, 2025. The decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims.

There have been no other significant changes.
